

Keep Water on the Run.

Did you know that the leading housewrap may not adequately protect the home from mold, mildew and structural damage?

Traditional Housewrap

Moisture Ponding-
increasing the chance of mold growth

Valéron Vortec™

Moisture Draining

- Specially engineered surface promotes moisture drainage
- Trapped water easily drains, reducing chance of mold and mildew
- Textured pattern is multi-directional for quick and easy installation
- Perfect for use behind brick, vinyl, stucco, hardboard, wood and cementitious cladding
- Easy-to-handle 5' x 200' rolls

VALÉRON

VORTEC™

DRAINAGE BARRIER
